

## Alternative 2A—Additions-Alterations to Treatment Building (Gas Treatment)

Figure 9-5. Preliminary Alternative 2A

This alternative consists of the following:

- Retain chemical storage facility platform
- Retain green garage
- Retain screen house
- Retain, renovate and expand treatment building
- Fish program and operations located in treatment building addition
- Separate storage and covered parking structure adjacent to expanded treatment building
- Traffic circle vehicle circulation around existing green garage.

## Alternative 2B—Additions-Alterations to Treatment Building (Gas Treatment)

Figure 9-6. Preliminary Alternative 2B

This alternative consists of the following:

- Retain chemical storage facility platform
- Remove green garage
- Retain screen house
- Retain, renovate and expand treatment building
- Fish program and operations located in treatment building addition
- Structured formal parking lot.
- Separate storage and covered parking structure adjacent to parking lot
- Drive to dam located south of treatment building addition

## Alternative 3A—Additions-Alterations to Treatment Building (Liquid Treatment)

Figure 9-7. Preliminary Alternative 3A

This alternative consists of the following:

- Retain chemical storage facility platform
- Retain green garage
- Retain screen house
- Retain, renovate and expand treatment building
- Fish program and operations located in treatment building addition
- Separate storage and covered parking structure adjacent to expanded treatment building
- Traffic circle vehicle circulation around existing green garage.

## Alternative 3B—Additions-Alterations to Treatment Building (Liquid Treatment)

Figure 9-8. Preliminary Alternative 3B

This alternative consists of the following:

- Retain chemical storage facility platform
- Retain green garage
- Retain screen house
- Retain, renovate and expand treatment building
- Fish program and operations located in treatment building addition
- Separate storage and covered parking structure adjacent to green garage
- Traffic circle vehicle circulation around existing green garage and new storage facility
- Fan-shaped parking area.
