Department of Finance and Administrative Services (FAS)
Capital Development & Construction Management (CDCM)

RFQ# CDCM 2018-01
ADA Pre-Design and Estimating Services

ADDENDUM #1

Questions and Answers received through March 9, 2018

1. **Q.** *We provide cost estimating services throughout the Pacific Northwest. Would you be interested in contracting directly with a cost estimating consultant? Either for this or perhaps other jobs?*
 - A. The focus of the RFQ is to hire a consultant that will do the pre-design and planning with either in house estimating or as a subconsultant brought in by the prime consultant as part of its team. To that end, you may find value in attending the pre-submittal meeting listed in the RFQ to make contact with firms who are considering submitting for the work. Another way of making contract with prime firms is to log onto www.ebidexchange.com/seattle and click on the link to this solicitation (RFQ# CDCM 2018-01). From there, click on “bidders” from the blue menu bar at the top of the page. This will show you all the firms that have registered for information about the RFQ with their contact information, so you can make contact in an effort to be part of someone’s submitting team.

2. **Q.** **Would the consultant awarded this contract be precluded from getting a future design contract for the actual barrier removal work?**
 - A. No.
